CODE OF ETHICS

Issued: July 22, 2011

I. PURPOSE

The fire service is a noble calling, one which is founded on mutual respect and trust between firefighters and the citizens they serve. To ensure the continuing integrity of the fire service, the highest standards of ethical conduct must be maintained at all times. The broad scope of this Code of Ethics is intended to mitigate and negate situations that may result in embarrassment and waning of public support for what has historically been a highly respected profession.

Ethics comes from the Greek word ethos, meaning character. Character is not necessarily defined by how a person behaves when conditions are optimal and life is good. It is easy to take the high road when the path is paved and obstacles are few or non-existent. Character is also defined by decisions made under pressure, when no one is looking, when the road contains land mines, and the way is obscured. All SLFD employees share a responsibility to project an ethical character of professionalism, integrity, compassion, loyalty and honesty in all that they do, all of the time.

We need to accept this ethics challenge and be truly willing to maintain a culture that is consistent with the expectations outlined in this document. By doing so, we can create a legacy that validates and sustains the distinguished fire service institution, and at the same time ensure that we leave the South Lyon Department in better condition than when we arrived.

II. CODE OF ETHICS

All SLFD employees are expected to adhere to the following.

I understand that I have the responsibility to conduct myself in a manner that reflects proper ethical behavior and integrity. In so doing, I will help foster a continuing positive public perception of the fire service. Therefore, I pledge the following...

- A. Always conduct myself, on and off duty, in a manner that reflects positively on myself, my department and the fire service in general.
- B. Accept responsibility for my actions and for the consequences of my actions.
- C. Support the concept of fairness and the value of diverse thoughts and opinions.

- I. Exercise professionalism, competence, respect and loyalty in the performance of my duties and use information, confidential or otherwise, gained by virtue of my position, only to benefit those I am entrusted to serve.

- N. Never harass, intimidate or threaten fellow members of the service or the public and stop or report the actions of other firefighters who engage in such behaviors.
- O. Responsibly use social networking, electronic communications, or other media technology opportunities in a manner that does not discredit, dishonor or embarrass my organization, the fire service and the public. I also understand that failure to resolve or report inappropriate use of this media equates to condoning this behavior.
